

Create a Webpage

Grade 9 Computers:

Students will create a webpage to be used as a portfolio using Weebly.

Background:

- 1) Take a look at Mr MacLean's webpage.
- 2) View tutorial on Weebly (cut and paste the link into an internet browser)

http://prezi.com/al_ravqrp7l/how-to-make-a-weebly-website/?auth_key=3185487c0b1bf553b81a499fc4e48d29ad776465

Step One: Brainstorm Possible Sections to Include on Webpage.

- 1) Students will brainstorm 5 sections that they could include.

Step Two: Register and set up username and passwords.

- 1) Go to <http://education.weebly.com/> and set up an account.

Step Three: Create your own webpage.

Required Sections:

- 1) Home- introduce yourself.
- 2) Computer 9 (this is where you will put completed assignments)
- 3) Academic Journey
- 4) Who I Am
- 5) Faith Journey
- 6) Goals and Aspirations
- 7) Personal Management Skill activities
- 8) Passion Project
- 9) Service Project

Required Elements:

- 1) Pick a design.
- 2) Image and graphics from internet or other digital source
- 3) Links to prezis.

Marking Rubric on next page:

	Incomplete or Experiencing Difficulty (0-50)	Approaching Expectations (50-70)	Meeting Expectations (70-90)	Exceeding Expectations (90-100)
Layout	Website is incomplete or has no plan or layout	Website has a rough layout that is hard to follow	Website has a clear plan, layout and is easy to follow	Website has an intuitive layout that makes way finding very easy
